The enterprise covered by the charter of the "Susquehanna Railroad Company," recently enacted by the Pennsylvania Legislature, is undoubtedly one of leading importance to the numerous interests whose wellfare is to be promoted by it. It contemplates the construction of a railroad commencing at and connecting with the northern end of the York and Cumberland Railroad, thence running up the west bank of the Susquehanna river and crossing and connecting with the Pennsylvania Railroad; thence continuing up the west bank to a point opposite Dauphin, where it will pass to the east side of the river by a suitable bridge, connecting at Dauphin with the railroad leading to the semi-bituminous coal fields; passing up the east bank of the Susquehanna river from Dauphin to Sunbury. and in its course intersecting and connecting with the Lyken's Valley Railroad, the Mahonoy Railroad, and the Shamokin Railroad, each of which penetrates its corresponding anthracite coal region. This first great division of the enterprise, which we hope to see promptly undertaken and completed, holds out the assurance of direct and which time and place the heirs aforesaid, are hereby warned to be and appear if by them great advantage to the city of Baltimore, to the Baltimore and Susquehanna Railroad, to the York and Comberland Railroad, to the whole agricultural region above Harrisburg. and to the four coal companies which will thus have a direct and rapid communication with the Baltimore market. The route from the west end of the Harrisburg bridge to Sunbury, although comparatively a short its progress northwatelly it will consummate a direct connexion with the Pennsyvania Railroad on the west side of the Susquehandand Chus. AND CONSUMPTION.

The uniform success which has attended the use of this preparation—its salutary effect—its power to relieve and cure affections of the Lungs, have gained for it a celebrity equalled by no other medicine. We offer it to the afflicted with entire confidence in its virtues, and the full belief that it will subdue and remove the severest attacks of disease upon the threat and Lungs .-These results, as they become publicly knownvery naturally attract the attention of medical men and philantropists everywhere. What is their opinion of CHERRY PECTORAL may be seen in the following :

VALENTINE MOTT, M. D., Prof. Surgery Med. College, New York, sous :-"It gives me pleasure to certify the value and efficacy of Ayer's CHERRY PECTORAL, which I consider peculiarly adapted to cure diseases of the Threat and Lungs."

THE RT. REV.
